

FLEX Warranty

Limited Warranty. MiaSolé Hi-Tech Corp. (“MiaSolé”) warrants to Buyer that, for a period of 5 years after shipment of a particular Product to the original Buyer, the Product will be free from defects in materials and workmanship that negatively affect the Product’s functionality under proper installation, operation, and maintenance conditions in accordance with procedures described in the Installation Manual and relevant Application Guide(s) supplied by MiaSolé. MiaSolé warrants to Buyer that under Standard Test Conditions (STC), the Product will, for a period of ten years after shipment, produce at least 90% of the power output specified on the Product’s nameplate or in its published specifications (+/- the specified or published tolerance levels); and for the remaining 15-year period (years 11 through 25 after shipment), produce at least 80% of the power output specified on the Product’s nameplate or in its published specifications (+/- the specified or published tolerance levels).

To make a warranty claim, Buyer must immediately notify MiaSolé (customerservice@miasole.com) of the nonconformance during the applicable warranty period. Warranty claims must be submitted to MiaSolé with a description of the claimed defect and any supporting evidence, the Product serial number, and evidence of purchase date. MiaSolé will then investigate the warranty claim and determine whether it is valid. MiaSolé’s exclusive obligation with respect to any defective or nonconforming Product is, at MiaSolé’s option, to repair or replace that Product, to provide additional units or components to bring the aggregate power output to at least the warranted percentages of the specified minimum power output, or to otherwise provide monetary compensation to Buyer, as determined by MiaSolé in its sole and absolute discretion, taking into consideration the warranted power output, the actual power output, and the amount of time the Product has been installed. MiaSolé will pay shipping costs for Products that are repaired or replaced under the terms of this limited warranty and returned to Buyer. This limited warranty applies to Buyer and to any permitted assignees, provided the Product remains installed in its original location. MiaSolé reserves the right to charge Buyer on a time-and-materials basis for returned Products in the event such Products are determined not to be defective. If any Product returned to MiaSolé is determined not to be defective, or if the warranty has expired, Buyer shall be responsible for all packaging and shipping costs. THE FOREGOING IS BUYER’S SOLE AND EXCLUSIVE REMEDY FOR BREACH OF WARRANTY BY MIASOLÉ WITH RESPECT TO THE PRODUCTS.
